Internationale organisationer

Mellemværender med internationale organisationer skal uanset disses geografiske beliggenhed placeres i "resten af verden" i BA-skemaet i sektorkategorien "offentlig forvaltning og service". I BM-, BN-, BO- og BP-skemaerne omfatter posten "internationale organisationer" (sektorkode 2180) alle nedenstående institutioner. Posten "heraf EU-institutioner" (sektorkode 2182) omfatter den anden gruppe af institutioner.

Nedenfor gives en udvidet oversigt til listen over internationale organisationer i "Money and Banking Statistics Sector Manual - Guidance for the Statistical Classification of Customers" Part 1 - Introduction. Oversigten er opbygget, således at den svarer til Eurostats BOP vade mecum. Den dækker de vigtigste organisationer, men er ikke udtømmende. I tvivlstilfælde om organisationer, der måtte falde ind under restgrupperne, kan der rettes henvendelse til Nationalbanken, Statistisk Afdeling, Penge- og bankstatistik.
