15:20 **Conference adjourns**

Presentation Format:

For each paper we plan to allocate 40 minutes:
20 minutes for presenters
10 minutes for discussion by the session chair
10 minutes of Q&A and general discussion

This provides participants with the opportunity for an in-depth presentation of their work. All sessions are usually plenary, to encourage shared conversations across topics, and avoiding academic silos that can arise with parallel sessions.
