Article 3 – General description of TARGET

1. TARGET is legally structured as a multiplicity of payment systems composed of all TARGET component systems, each of which is designated as a 'system' under Part 31 of the Danish Capital Markets Act (Kapitalmarkedsloven) (Consolidated Act no. 2014 of 1 November 2021), implementing Directive 98/26/EC of the European Parliament and of the Council of 19 May 1998 on settlement finality in payment and securities settlement systems.

2. TARGET comprises payment systems in euro that settle in central bank money, provide central liquidity management services, real-time gross settlement for payments and services for ancillary system (AS) settlement, and enable cash payments in relation to securities settlement and the settlement of instant payments.
3. TARGET provides the following:
 - (a) MCAs for the settlement of central bank operations;
 - b) RTGS DCAs for large-value real-time gross settlement of payments and sub-accounts if required for AS settlement;
 - c) T2S DCAs for the settlement of payments in relation to securities settlement;
 - d) TIPS DCAs for the settlement of instant payments; and
 - (e) the following accounts for AS settlement: (i) RTGS AS technical accounts; (ii) AS guarantee fund accounts; and (iii) TIPS AS technical accounts.

Each account in TARGET-Danmark shall be identified by means of a unique account number made up of the elements described in Appendix 1, paragraph 2.

It is a precondition that the entities referred to in points (a) and (b) are not subject to restrictive measures adopted by the Council of the European Union or Member States pursuant to Article 65(1)(b), Article 75 or Article 215 of the Treaty on the Functioning of the European Union, the implementation of which, in the view of Danmarks Nationalbank after informing the ECB, is incompatible with the smooth functioning of TARGET.

2. Danmarks Nationalbank may, at its discretion, also admit the following entities as participants:
 - a) treasury departments of central or regional governments of Member States;
 - b) public sector bodies of Member States authorised to hold accounts for customers;

(ii) investment firms established outside the EEA, provided that they act through a branch established in the Union or the EEA;
 - d) entities managing ancillary systems, and acting in that capacity; and

- e) credit institutions or any of the entities of the types listed in points (a) to (d), in both cases where these are established in a country with which the Union has entered into a monetary agreement allowing access by any such entities to payment systems in the Union subject to the conditions set out in the monetary agreement and provided that the relevant legal regime applying in the country is equivalent to relevant Union legislation.

 - c) if it is an applicant for an RTGS DCA, a T2S DCA or a TIPS DCA, it shall also hold or open an MCA with Danmarks Nationalbank;

4. Danmarks Nationalbank may also request any additional information it deems necessary to decide on an application to open a TARGET account.
5. Danmarks Nationalbank shall reject the application to participate if:
- a) the applicant is not a TARGET eligible entity as described in Article 4(1) or an entity that may be admitted by Danmarks Nationalbank under Article 4(2);
 - b) one or more of the participation requirements referred to in paragraph 1 are not met; and/or
 - c) according to Danmarks Nationalbank's assessment, such participation would endanger the overall stability, soundness and safety of TARGET-Danmark or of any other TARGET component system, or would jeopardise Danmarks Nationalbank's performance of its tasks as described in the Danmarks Nationalbank Act and the by-laws of Danmarks Nationalbank and the Statute of European System of Central Banks and of the European Central Bank, or poses risks on the grounds of prudence.
6. Danmarks Nationalbank shall communicate in writing its decision on the application to become a participant in TARGET-Danmark to the applicant within one month of Danmarks Nationalbank's receipt of the application. payments pursuant to the SCT Inst scheme. If an AS holds an RTGS DCA or a T2S DCA it shall also hold at least one MCA with Danmarks Nationalbank. In the event that an AS holds one or more MCAs or RTGS DCAs or T2S DCAs, the respective Parts of these Conditions shall also apply.

Article 7 – Access to a participant’s account by entities other than the participant

1. To the extent technically possible, a participant may give access to its TARGET accounts to one or more entities it designates, for the purposes of submitting cash transfer orders and performing other actions.
2. Cash transfer orders submitted or funds received by the entities designated by a participant as referred to in paragraph 1 shall be deemed to have been submitted or received by that participant itself.
3. The participant shall be bound by such cash transfer orders and any other action taken by the entity or entities referred to in paragraph 1, regardless of the content of, or any non-compliance with, the contractual arrangement between that participant and such entity.

Article 8 – Billing

1. Danmarks Nationalbank shall identify billable items according to Appendix 6 and shall allocate each of them to the participant from which that billable item originates.

5. Danmarks Nationalbank shall settle each invoice by means of a direct debit of an MCA held by the participant, unless the participant has designated another participant in TARGET (which may be in TARGET-Danmark or another component system) as a paying agent and instructed Danmarks Nationalbank to debit the MCA of that paying agent. Such an instruction shall not release the participant from its obligation to pay each invoice.
6. Where a paying agent has been designated, the participant shall provide Danmarks Nationalbank with evidence that the paying agent has agreed to act in that role.
7. For the purposes of this Article, each AS shall be treated separately, even if two or more of them are operated by the same legal entity, and irrespective of whether or not the AS has been designated under Directive 98/26/EC. In the case of an AS that has not been designated

under Directive 98/26/EC, it shall be identified as an AS by reference to the following criteria: (a) it is a formal arrangement, based on a contractual or legislative instrument, e.g. an agreement among the participants and the system operator; (b) it has multiple membership; (c) it has common rules and standardised arrangements; and (d) is for the purpose of clearing, netting and/or settlement of payments and/or securities between the participants.

Save where otherwise provided in these Conditions or required by law, Danmarks Nationalbank shall use all reasonable means within its power to perform its obligations under these Conditions, without guaranteeing a specific result.
2. Danmarks Nationalbank is the provider of services pursuant to these Conditions. Acts and omissions of the Level 3 NCBs shall be considered as acts and omissions of Danmarks Nationalbank, for which it shall assume liability in accordance with Article 22. Participation pursuant to these Conditions shall not create a contractual relationship between the participants and the Level 3 NCBs when any of the latter acts in its capacity as a Level 3 NCB. Instructions, messages or information which a participant receives from, or sends to, TARGET in relation to the services provided under these Conditions shall be deemed to be received from, or sent to, Danmarks Nationalbank.
- 3) The participant shall pay to Danmarks Nationalbank fees in accordance with Article 8.

2. The provisions of paragraph 1 shall not affect any rules of AS that stipulate a moment of entry into the AS and/or irrevocability of transfer orders submitted to it at a point in time earlier than the moment of entry of the respective AS transfer order in the relevant TARGET component system.
3. Cash transfer orders included in an algorithm may not be revoked during the period that the algorithm is running.

2. Participants shall immediately inform Danmarks Nationalbank of any security-related incidents in their technical infrastructure and, where appropriate, security-related incidents that occur in the technical infrastructure of third-party providers. Danmarks Nationalbank may request further information about the incident and, if necessary, request that the participant take appropriate measures to prevent a recurrence of such an event.
- 3) Danmarks Nationalbank may impose additional security requirements, in particular with regard to cybersecurity or the prevention of fraud, on all participants and/or participants that are considered critical by Danmarks Nationalbank.
- 4) Participants shall provide Danmarks Nationalbank with: (i) permanent access to their attestation of adherence to their chosen network service provider's (NSP) endpoint security requirements; and (ii) on an annual basis the TARGET self-certification statement as required for the types of accounts that they hold and as published on Danmarks Nationalbank's website and on the ECB's website in English.
- 5) Danmarks Nationalbank shall assess the participant's self-certification statement(s) on the participant's level of compliance with each of the requirements set out in the TARGET self-certification requirements. These requirements are listed in Appendix 7.

- 6) Participants' level of compliance with the requirements of the TARGET self-certification shall be categorised as follows, in increasing order of severity: 'full compliance', 'minor non-compliance' or 'major non-compliance'. The following criteria apply: full compliance is reached where participants satisfy 100% of the requirements; minor non-compliance is where a participant satisfies less than 100% but at least 66% of the requirements; and major non-compliance is where a participant satisfies less than 66% of the requirements. If a participant demonstrates that a specific requirement is not applicable to it, it shall be considered as compliant with the respective requirements for the purposes of the categorisation. A participant which fails to reach 'full compliance' shall submit an action plan demonstrating how it intends to reach full compliance. Danmarks Nationalbank shall inform the relevant supervisory authorities of the status of such participant's compliance.
- 7) If the participant refuses to grant permanent access to its attestation of adherence to its chosen NSP's endpoint security requirements or does not provide the TARGET self-certification, the participant's level of compliance shall be categorised as 'major non-compliance'.
- 8) Danmarks Nationalbank shall re-assess compliance of participants on an annual basis.
- 9) Danmarks Nationalbank may impose the following measures on participants whose level of compliance was assessed as minor or major non-compliance, in increasing order of severity:
- a) enhanced monitoring: the participant shall provide Danmarks Nationalbank with a monthly report, signed by a senior executive, on its progress in addressing the non-compliance. The participant shall additionally incur a monthly penalty charge for each affected account of EUR 1,000. This measure of redress may be imposed in the event the participant receives a second consecutive assessment of minor non-compliance or an assessment of major non-compliance;
 - b) suspension: participation in TARGET-Danmark may be suspended in the circumstances described in Article 25(2), points (b) and/or (c). By way of derogation from Article 25, the participant shall be given three months' notice of such suspension. The participant shall incur a monthly penalty charge for each suspended account of EUR 2,000. This measure of redress may be imposed in the event the participant receives a second consecutive assessment of major non-compliance;
 - c) termination: participation in TARGET-Danmark may be terminated in the circumstances described in Article 25(2), points (b) and/or (c). By way of derogation from Article 25, the participant shall be given three months' notice. The participant shall incur an additional penalty charge of EUR 1,000 for each terminated account. This measure of redress may be imposed if the participant has not addressed the major non-compliance to the satisfaction of Danmarks Nationalbank following three months suspension.
- 10) Participants allowing access to their TARGET account by third parties as set out in Article 7 and participants having registered addressable BIC holders as set out in Part III, Article 2, shall address the risk stemming from allowing such access in accordance with the security requirements set out in paragraphs 1 to 9.

Article 21 – Compensation scheme

If a cash transfer order cannot be settled on the same business day on which it was accepted due to a technical malfunction of TARGET, Danmarks Nationalbank shall offer to compensate the participants concerned in accordance with the special procedure laid down in Appendix 2.

Article 22 – Liability regime

1. In performing their obligations pursuant to these Conditions, Danmarks Nationalbank and the participants shall be bound by a general duty of reasonable care in relation to each other.
- 2) Danmarks Nationalbank shall be liable to its participants in cases of fraud (including but not limited to wilful misconduct) or gross negligence, for any loss arising out of the operation of TARGET-Danmark. In cases of ordinary negligence, Danmarks Nationalbank's liability shall be limited to the participant's direct loss, i.e. the amount of the transaction in question and/or the loss of interest, excluding any consequential loss.
- 3) Danmarks Nationalbank shall not be liable for any loss that results from any malfunction or failure in the technical infrastructure (including but not limited to Danmarks Nationalbank's computer infrastructure, programmes, data, applications or networks), if such malfunction or failure arises in spite of Danmarks Nationalbank having adopted those measures that are reasonably necessary to protect such infrastructure against malfunction or failure, and to resolve the consequences of such malfunction or failure (the latter including but not limited to initiating and completing the business continuity and contingency procedures referred to in Appendix 4).
- 4) Danmarks Nationalbank shall not be liable:
 - a) to the extent that the loss is caused by the participant; or
 - b) if the loss arises out of external events beyond Danmarks Nationalbank's reasonable control (force majeure).
- 5) Notwithstanding the provisions of the Danish Payments Act (*Lov om betalinger*) (Consolidated Act no. 53 of 18 January 2023), paragraphs 1 to 4 shall apply to the extent that Danmarks Nationalbank's liability can be excluded.
- 6) Danmarks Nationalbank and the participants shall take all reasonable and practicable steps to mitigate any damage or loss referred to in this Article.
- 7) In performing some or all of its obligations under these Conditions, Danmarks Nationalbank may commission third parties in its own name, particularly telecommunications or other network providers or other entities, if this is necessary to meet Danmarks Nationalbank's obligations or is standard market practice. Danmarks Nationalbank's obligation shall be limited to the due selection and commissioning of such third parties and Danmarks Nationalbank's liability shall be limited accordingly. For the purposes of this paragraph, the Level 3 NCBs shall not be considered third parties.

Article 23 – Evidence

1. Unless otherwise provided in these Conditions, all cash transfer orders and related messages, such as confirmation of debits or credits or statement messages, between Danmarks Nationalbank and participants shall be made through the relevant networks service provider (NSP).
2. Electronic or written records of the messages retained by Danmarks Nationalbank or by the relevant NSP shall be accepted as a means of evidence of the payments processed through Danmarks Nationalbank. The saved or printed version of the original message of the relevant NSP shall be accepted as a means of evidence, regardless of the form of the message.
3. If a participant's connection to the NSP fails, the participant shall use the alternative means of transmission of messages as agreed with Danmarks Nationalbank. In such cases, the saved or printed version of the message produced by Danmarks Nationalbank shall have the same evidential value as the original message, regardless of its form.
4. Danmarks Nationalbank shall keep complete records of cash transfer orders submitted and payments received by participants for a period of five years from the end of the financial year in which such cash transfer orders are submitted and payments are received, respectively.
5. Danmarks Nationalbank's own books and records shall be accepted as a means of evidence of any obligations of the participants and of any facts and events that the parties rely on.

Article 24 – Duration and ordinary termination of participation and closure of accounts

1. Without prejudice to Article 25, access to participation in TARGET-Danmark shall be for an indefinite period of time.

 - a) its entire participation in TARGET-Danmark;
 - b) one or more of its DCAs, RTGS AS technical accounts and/or TIPS AS technical accounts;
 - c) one or more of its MCAs, provided it continues to comply with Articles 4 and 5.
3. Danmarks Nationalbank may terminate any of the following at any time giving three months' notice thereof, unless Danmarks Nationalbank agrees a different notice period with the relevant participant:
 - a) the participant's entire participation in TARGET-Danmark;

2. The following orders shall automatically be assigned the priority 'urgent':
 - a) AS transfer orders;
 - b) liquidity transfer orders, including automated liquidity transfer orders;
 - c) cash transfer orders to an AS technical account for RTGS AS settlement procedure D.
3. All cash transfer orders not listed in paragraph 2 shall automatically be assigned the priority 'normal', except payment orders to which the RTGS DCA holder has at its discretion assigned the priority 'high'.

Article 9 – Processing of cash transfer orders on RTGS DCAs

1. Cash transfer orders on RTGS DCAs shall be settled immediately they are accepted, or later as indicated by the RTGS DCA holder in accordance with Article 16 or Article 17, provided in all cases that:
 - a) there is available liquidity on the payer's RTGS DCA;
 - b) no cash transfer orders of equal or higher priority are queued; and
 - c) any debit limits set in accordance with Article 15 are observed.

2. If any of the conditions set out in points (a) to (c) of paragraph 1 are not met in relation to a cash transfer order, the following shall apply.
 - a) In the case of an automated liquidity transfer order, Danmarks Nationalbank shall be deemed instructed to execute the instruction partially and to execute further liquidity transfer orders whenever liquidity is available, up to the amount of the initial automated liquidity transfer order.
 - b) In the case of an immediate liquidity transfer order, the order shall be rejected without partial settlement or any further attempt to settle unless the order is initiated by an AS, in which case it shall be partially settled without any further attempt to settle.
 - c) In the case of a standing liquidity transfer order or a rule-based liquidity transfer order, the order shall be partially settled without any further attempt to settle. A standing liquidity transfer order triggered by mandatory RTGS AS settlement procedures C or D and for which there are insufficient funds on the RTGS DCA shall be settled following a pro rata reduction of all orders. A standing liquidity transfer order triggered by optional RTGS AS settlement procedure C and for which there are insufficient funds on the RTGS DCA shall be rejected.
3. Cash transfer orders on RTGS DCAs, other than those orders referred to in paragraph 2, shall be queued and processed in accordance with the rules set out in Article 10.

Article 10 – Queue management and settlement optimisation

1. Cash transfer orders on RTGS DCAs that are queued in accordance with Article 9(3) shall be processed according to their priority. Subject to paragraphs 2 to 5, the 'first in, first out' (FIFO) principle shall apply within each category or subcategory of cash transfer orders as follows:
 - a) urgent cash transfer orders: automated liquidity orders shall be placed first in the queue. AS transfer orders and other urgent cash transfer order shall be placed next in the queue;
 - b) high priority cash transfer orders shall not be settled while urgent cash transfer orders are queued;
 - c) normal priority cash transfer orders shall not be settled while urgent or high priority cash transfer orders are queued.
2. The payer may change the priority of its cash transfer orders other than urgent cash transfer orders.
3. The payer may change the position of its cash transfer orders in the queue. The payer may move such cash transfer orders either behind the automated liquidity transfer orders in the queue or to the end of the respective queue with immediate effect at any time during the settlement window for customer and interbank payments as specified in Appendix 5.

4. To optimise the settlement of queued cash transfer orders, Danmarks Nationalbank may:
 - a) use the optimisation procedures described in Appendix 1;
 - b) settle cash transfer orders with a lower priority (or of the same priority but accepted later) before cash transfer orders with a higher priority (or of the same priority but accepted earlier), if the cash transfer orders with a lower priority would net out with payments to be received and result on balance in a liquidity increase for the payer;
 - c) settle cash transfer orders with normal priority before other queued normal priority payments accepted earlier, provided that sufficient funds are available and notwithstanding that this may contravene the FIFO principle.
5. Queued cash transfer orders shall be rejected if they cannot be settled by the cut-off times for the relevant message type as specified in Appendix 5.
6. The provisions regarding settlement of cash transfer orders as set out in Appendix 1 shall apply.

Article 11 – Liquidity reservation orders

1. An RTGS DCA holder may instruct Danmarks Nationalbank to reserve a specified amount of liquidity on its RTGS DCA using one of the following:
 - a) a current liquidity reservation order that shall have immediate effect for the current TARGET business day;
 - b) a standing liquidity reservation order to be carried out at the start of every TARGET business day.
2. An RTGS DCA holder shall assign one of the following statuses to a current or standing liquidity reservation order:
 - a) high priority: allows the usage of the liquidity for urgent or high priority cash transfer orders;
 - b) urgent priority: allows the usage of the liquidity only for urgent cash transfer orders.
3. In the event that the amount of unreserved liquidity is not sufficient to fulfil the current or standing liquidity reservation order, Danmarks Nationalbank shall partially execute the reservation order and shall be deemed instructed to execute further reservation orders until the outstanding amount to be reserved is reached. Pending reservation orders shall be rejected at the end of the business day.
4. By requesting the reservation of a specified amount of liquidity for usage for urgent cash transfer orders, the RTGS DCA holder shall be deemed to have instructed Danmarks Nationalbank only to settle high priority and normal priority cash transfer orders if there is available liquidity after the amount reserved for usage for urgent cash transfer orders has been deducted.

5. By requesting the reservation of a specified amount of liquidity for usage for high priority cash transfer orders, the RTGS DCA holder shall be deemed to have instructed Danmarks Nationalbank only to settle normal priority cash transfer orders if there is available liquidity after the amount reserved for usage for urgent and high priority cash transfer orders has been deducted.

Article 12 – Recall request and answer

1. An RTGS DCA holder may enter a recall request to request the return of a settled payment order.
2. The recall request shall be forwarded to the payee of the settled payment order which may answer positively or negatively. A positive answer does not initiate a return of the funds.

Article 13 – RTGS directory

1. The RTGS directory is a list of BICs used for the purpose of routing information and comprises the BICs of:
 - a) RTGS DCA holders;
 - b) any entity with multi-addressee access;
 - c) addressable BIC holders.
2. The RTGS directory shall be updated daily.
3. Unless otherwise requested by an RTGS DCA holder, its BICs shall be published in the RTGS directory.
4. RTGS DCA holders may only distribute the RTGS directory to their branches and entities with multi-addressee access.
5. RTGS DCA holders accept that Danmarks Nationalbank and other CBs may publish RTGS DCA holders' names and BICs. In addition, BICs of addressable BIC holders or entities with multi-addressee access may be published and RTGS DCA holders shall ensure that addressable BIC holders or entities with multi-addressee access have agreed to such publication.

Article 14 – Processing of cash transfer orders in the event of suspension or termination

1. Upon termination of an RTGS DCA holder's participation in TARGET-Danmark, Danmarks Nationalbank shall not accept any new cash transfer orders from that RTGS DCA holder. Cash transfer orders in the queue, warehoused cash transfer orders or new cash transfer orders in favour of that RTGS DCA holder shall be rejected.
2. If an RTGS DCA holder's participation in TARGET-Danmark is suspended on grounds other than those specified in Part I, Article 25(1)(a), Danmarks Nationalbank shall store all of that RTGS DCA holder's incoming and outgoing cash transfer orders on its RTGS DCA and only submit

them for settlement after they have been explicitly accepted by the suspended RTGS DCA holder's CB.

3. If an RTGS DCA holder's participation in TARGET-Danmark is suspended on the grounds specified in Part I, Article 25(1)(a), any outgoing cash transfer orders from that RTGS DCA holder's RTGS DCA shall only be executed on the instructions of its representatives, including those appointed by a competent authority or court, such as the RTGS DCA holder's insolvency administrator, or pursuant to an enforceable decision of a competent authority or a court providing instructions as to how the cash transfer orders are to be processed. All incoming payments shall be processed in accordance with paragraph 2.

Article 15 – Debit limits

1. An RTGS DCA holder may limit the use of available liquidity for payment orders on its individual RTGS DCAs in relation to other RTGS DCAs, except any of the CBs, by specifying bilateral or multilateral limits. Such limits may only be defined in relation to normal priority payment orders.
2. By specifying a bilateral limit, the RTGS DCA holder shall be deemed to have instructed Danmarks Nationalbank that an accepted payment order shall not be settled if the sum of its outgoing normal priority payment orders to another RTGS DCA holder's RTGS DCA minus the sum of all incoming urgent, high priority and normal priority payments from that RTGS DCA (the net bilateral position) would exceed this bilateral limit.
3. An RTGS DCA holder may specify a multilateral limit for any relationship that is not subject to a bilateral limit. A multilateral limit may only be specified if the RTGS DCA holder has set at least one bilateral limit. If an RTGS DCA holder specifies a multilateral limit, it shall be deemed to have instructed Danmarks Nationalbank that an accepted payment order shall not be settled if the sum of its outgoing normal priority payment orders to all RTGS DCA holders' RTGS DCAs in relation to which no bilateral limit has been specified minus the sum of all incoming urgent, high priority and normal priority payments from those RTGS DCAs (the net multilateral position) would exceed this multilateral limit.
4. Limits may be changed in real time with immediate effect or with effect from the next business day. If a limit is changed to zero, it shall not be possible to change it again on the same business day. The definition of a new bilateral or multilateral limit shall only be effective from the next business day.

Article 16 – Participants' instructions with regard to settlement times

1. An RTGS DCA holder may indicate the earliest time before which a payment order cannot settle or the latest time after which time the payment order will be rejected by using the earliest debit time indicator or the latest debit time indicator, respectively, or may indicate a time range during which the payment order will settle by using both indicators. An RTGS DCA holder may also use the latest debit time indicator solely as a warning indicator. In such cases, the payment order concerned shall not be rejected.

2. In the event that 15 minutes prior to the indicated latest debit time the payment order has not been settled, the RTGS DCA holder concerned shall be notified accordingly.

Article 17 – Payment orders submitted in advance

1. Payment orders may be submitted up to 10 calendar days before the specified settlement date (warehoused payment orders).
2. Warehoused payment orders shall be accepted and submitted for processing on the date specified by the RTGS DCA holder at the start of the settlement window on that day for customer and interbank payments, as referred to in Appendix 5. They shall be placed in front of payment orders of the same priority.

Article 18 – Direct debit

1. An RTGS DCA holder (payer) may give its authorisation for another RTGS DCA holder (payee) in TARGET-Danmark or in another TARGET component system to debit the payer's RTGS DCA by direct debit.
2. To enable such arrangement the payer shall provide prior authorisation to Danmarks Nationalbank entitling Danmarks Nationalbank to debit the payer's RTGS DCA upon receipt of a valid direct debit instruction.
3. If a payee receives the authorisation as described in paragraph 1, it may submit direct debit instructions to debit the payer's RTGS DCA by the amount specified in the instruction.
4. An RTGS DCA holder that requests to be added to a settlement bank account group of an AS shall be deemed to have given authorisation to Danmarks Nationalbank entitling Danmarks Nationalbank to debit the RTGS DCA holder's RTGS DCA and sub-accounts upon receipt of a valid direct debit instruction by that AS.

Article 19 – Back-up payment functionality

In the event of failure of its payments infrastructure, an RTGS DCA holder may request Danmarks Nationalbank to activate the back-up payment functionality. This allows the RTGS DCA holder to enter certain payment orders using the Graphical User Interface (GUI).

Article 20 – Security rights in relation to funds on sub-accounts

1. The balance on an RTGS DCA holder's sub-account opened under the arrangements between the relevant AS and its CB for the settlement of AS-related payment instructions in accordance with RTGS AS settlement procedure C shall be frozen in the period stated in paragraph 2. During this period, the RTGS DCA holder has no right to dispose of the balance on the sub-account. The freezing and such balance shall collateralise the RTGS DCA holder's obligations referred to in paragraph 7 towards Danmarks Nationalbank.
2. Upon receipt by Danmarks Nationalbank of a 'start-of-cycle' message, Danmarks Nationalbank shall ensure that the balance on the sub-account of the RTGS DCA holder (including increases or reductions of that balance resulting from crediting or debiting cross-system settlement

payments to or from the sub-account, or from crediting liquidity transfers to the sub-account) at the moment the AS starts a cycle can only be used for the settlement of AS transfer orders related to that settlement procedure C. Upon receipt by Danmarks Nationalbank of an 'end-of-cycle' message the balance on the sub-account shall be available for the use of the RTGS DCA holder.

3. By confirming the balance on the RTGS DCA holder's sub-account, Danmarks Nationalbank guarantees to the AS payment up to the amount of this particular balance. By confirming, where applicable, the increase or reduction of the frozen balance upon crediting or debiting cross-system settlement payments to or from the sub-account or crediting liquidity transfers to the sub-account, the guarantee is automatically increased or reduced by the amount of the payment. Notwithstanding the abovementioned increase or reduction of the guarantee, the guarantee shall be irrevocable, unconditional and payable on first demand. If Danmarks Nationalbank is not the AS's CB, Danmarks Nationalbank shall be deemed instructed to issue the abovementioned guarantee to the AS's CB.
4. In the absence of any insolvency proceedings in relation to the RTGS DCA holder, the AS transfer orders for the squaring of the RTGS DCA holder's settlement obligation shall be settled without drawing on the guarantee and without realisation of the collateral right over the balance on the RTGS DCA holder's sub-account.
5. In the event of the RTGS DCA holder's insolvency, the AS transfer orders for the squaring of the RTGS DCA holder's settlement obligation shall be a first demand for payment under the guarantee; the debiting of the instructed amount from the RTGS DCA holder's sub-account (and crediting of the AS's RTGS AS technical account) shall therefore equally involve the discharge of the payment obligation by Danmarks Nationalbank and realisation of its collateral right over the balance on the RTGS DCA holder's sub-account.
6. The guarantee shall expire upon receipt by Danmarks Nationalbank of an 'end-of-cycle' message confirming that the settlement has been completed.
7. The RTGS DCA holder shall be obliged to reimburse to Danmarks Nationalbank any payment made by the latter under such guarantee.

Del IV Special terms and conditions for TARGET2-Securities dedicated cash accounts (T2S DCAs)

Article 1 – Opening and management of a T2S DCA

Article 2 – Links between securities accounts and T2S DCAs

1. A T2S DCA holder may request Danmarks Nationalbank to link its T2S DCA to one or more securities account(s) held on its own behalf or on behalf of its clients which hold securities accounts in one or more participating CSDs.
2. T2S DCA holders linking their T2S DCAs to securities accounts on behalf of clients as set out in paragraph 1 are responsible for establishing and maintaining the list of linked securities accounts and, where relevant, the set-up of the client-collateralisation feature.
3. As a result of the request under paragraph 1, the T2S DCA holder is deemed to have given a mandate to the CSD where such linked securities accounts are maintained to debit the T2S DCA with the amounts resulting from securities transactions taking place on these securities accounts.
4. Paragraph 3 shall apply regardless of any agreements made by the T2S DCA holder with the CSD and/or the securities account holders.

Article 3 – Transactions processed on T2S DCAs

- c) a predefined liquidity transfer order, which shall be an instruction for the single execution of (i) a transfer of a specified transfer amount or (ii) a transfer to reduce the balance of the T2S DCA to a predefined level with the amount of the reduction being transferred to an RTGS DCA, a TIPS DCA or an MCA, on the occurrence of a predefined event each business day.

Article 5 – Reservation and blocking of liquidity

1. Participants may reserve or block liquidity on their T2S DCAs. This does not constitute a settlement guarantee vis-à-vis any third party.
2. By requesting to reserve or block an amount of liquidity, a participant instructs Danmarks Nationalbank to decrease the available liquidity by this amount.
3. A reservation request is an instruction by which, if the available liquidity is equal to or higher than the amount to be reserved, the reservation is processed. If the available liquidity is lower, it is reserved and the shortfall may be met by incoming liquidity until the full amount of the reservation is available.
4. A blocking request is an instruction by which, if the available liquidity is equal to or higher than the amount to be blocked, the blocking request is processed. If the available liquidity is lower, no amount is blocked and the blocking request is resubmitted, until the full amount of the blocking request can be met by available liquidity.
5. The participant may at any time during the business day on which a request to reserve or block liquidity has been processed, instruct Danmarks Nationalbank to cancel the reservation or blocking. Partial cancellation shall not be permitted.

After a liquidity transfer order to a TIPS DCA, an MCA, an RTGS DCA or a T2S DCA has been accepted as set out in Part I, Article 17, TARGET-Danmark shall check if sufficient funds are available on the payer's T2S DCA to effect settlement. If sufficient funds are available, the liquidity transfer order shall be settled immediately. If sufficient funds are not available, the following shall apply:
 - a) in the case of an immediate liquidity transfer order, the order shall be rejected without partial settlement or any further attempt to settle unless these are initiated by a third party as designated in accordance with Part I, Article 7, in which case they shall be partially settled without any further attempt to settle;
 - b) in the case of a predefined or standing liquidity transfer order, the order shall be partially settled without any further attempt to settle.

Article 7 – Processing of cash transfer orders in the event of suspension or termination

1. Upon termination of a T2S DCA holder's participation in TARGET-Danmark, Danmarks Nationalbank shall not accept any new cash transfer orders from that T2S DCA holder.

If a T2S DCA holder's participation in TARGET-Danmark is suspended on grounds other than those specified in Part I, Article 25(1)(a), Danmarks Nationalbank shall store all of that T2S DCA holder's incoming and outgoing cash transfer orders on its T2S DCA and only submit them for settlement after they have been explicitly accepted by the suspended T2S DCA holder's CB.
3. If a T2S DCA holder's participation in TARGET-Danmark is suspended on the grounds specified in Part I, Article 25(1)(a), any outgoing cash transfer orders from that T2S DCA holder's T2S DCA shall only be processed on the instructions of its representatives, including those appointed by a competent authority or a court, such as the T2S DCA holder's insolvency administrator, or pursuant to an enforceable decision of a competent authority or a court providing instructions as to how the cash transfer orders are to be processed. Article 2 – Priority of AS transfer orders

All AS transfer orders shall automatically be assigned the priority 'urgent'.

Article 3 – RTGS AS settlement procedure A

NOT APPLICABLE TO AS PARTICIPATING IN TARGET-DANMARK.

Article 4 – RTGS AS settlement procedure B

NOT APPLICABLE TO AS PARTICIPATING IN TARGET-DANMARK.

Article 5 – RTGS AS settlement procedure C

1. Settlement procedure C supports settlement using dedicated liquidity on sub-accounts. An AS shall request a dedicated RTGS AS technical account to support the processing of AS transfer orders using settlement procedure C. The balance on such account shall be zero at the end of the day. RTGS AS technical accounts may also be used to support the processing of AS transfer

orders using settlement procedure E (settlement procedure E is not applicable to AS participating in TARGET-Danmark).

2. An AS shall ensure that each settlement bank opens at least one sub-account that is only to be used by the AS for the purposes of this settlement procedure.
3. Danmarks Nationalbank shall start a mandatory settlement procedure C automatically on each TARGET business day according to the schedule set out in Appendix 5 that shall trigger the settlement of those standing liquidity transfer orders set up for mandatory settlement procedure C by debiting the RTGS DCAs of the settlement banks and crediting the sub-account referred to in paragraph 2.
4. Settlement procedure C shall close by means of an end-of-procedure message, which may be sent by the AS at any time prior to the cut-off time for interbank payments as set out in Appendix 5. If the AS does not send the end-of-procedure message by that cut-off time, Danmarks Nationalbank shall close the procedure at that cut-off time.
5. The closure of the mandatory settlement procedure C leads to an automatic transfer of liquidity from the sub-account referred to in paragraph 2 to the RTGS DCA.
6. If the mandatory settlement procedure C is closed, the AS may start an optional procedure at any time before the cut-off time for interbank payments as set out in Appendix 5 that shall trigger the settlement of those standing liquidity transfer orders set up for optional settlement procedure C by debiting the settlement bank's RTGS DCA and crediting its RTGS sub-account. The AS may start and close one or several successive optional procedures before the cut-off time for interbank payments. The closure of an optional settlement procedure C leads to an automatic transfer of liquidity from the sub-account referred to in paragraph 2 to the RTGS DCA.
7. The mandatory settlement procedure C and any subsequent optional settlement procedure C may consist of one or several cycles.
8. An AS may, at any time after the start of a mandatory or optional settlement procedure C, start a cycle by means of a 'start-of-cycle' message. After the start of the cycle, liquidity transfers from the sub-account referred to in paragraph 2 may not be made until an 'end-of-cycle' message is sent by the AS. The balance can be changed during the cycle as a result of cross-system settlement payments or if a settlement bank transfers liquidity to its sub-account. Danmarks Nationalbank shall notify the AS of the reduction or increase of liquidity on the sub-account as a result of cross-system settlement payments. If the AS so requests, Danmarks Nationalbank shall also notify it of the increased liquidity on the sub-account as a result of liquidity transfer orders by the settlement bank.
9. An AS may submit AS transfer orders as a batch in one or several files while the cycle is open. The cash transfer orders may be for any of the following transactions:
 - a) the debit of the sub-accounts of settlement banks and credit of the RTGS AS technical account;

NOT APPLICABLE TO AS PARTICIPATING IN TARGET-DANMARK.

Article 7 – RTGS AS settlement procedure E

NOT APPLICABLE TO AS PARTICIPATING IN TARGET-DANMARK.

Article 8 – Information period and settlement period

1. The 'information period' service allows the AS to inform its settlement banks of the liquidity needed to ensure successful settlement. This optional service allows the AS to define a period before the start of the settlement of the AS transfer orders. During that period, and at the request of the settlement bank, the AS may revoke either single RTGS AS transfer orders (for RTGS AS settlement procedure E) or files (for RTGS AS settlement procedures A and B). An AS may also request Danmarks Nationalbank to perform such revocation on its behalf.
2. In the event that an AS, or Danmarks Nationalbank on its behalf, revokes single AS transfer orders (for RTGS AS settlement procedure E) or files (for RTGS AS settlement procedures A and B) during the 'information period', the processing of the AS transfer orders shall be cancelled.
3. The 'settlement period' service allows the AS to define a period until which the settlement of the AS transfer orders can take place. This service is a prerequisite for the use of a guarantee fund account, and is optional for the use of AS technical accounts.
4. During the 'settlement period' the AS, or Danmarks Nationalbank on its behalf, may revoke either single RTGS AS transfer orders (for RTGS AS settlement procedure E) or files (for RTGS AS settlement procedures A and B) that do not have a final status and the following shall apply:
 - a) if RTGS AS settlement procedure E is used for bilateral settlement, the relevant AS transfer orders shall be reversed;
 - b) if RTGS AS settlement procedure E is not used for bilateral settlement, or if in RTGS AS settlement procedure A the entire settlement fails, any settled AS transfer orders in the

file shall be reversed, and all settlement banks and the AS shall be informed via a broadcast message;

- c) if RTGS AS settlement procedure B is used, the entire settlement fails, and all settlement banks and the AS shall be informed via a broadcast message.

Article 9 – Cross-system settlement

1. Cross-system settlement allows an AS to credit the RTGS AS technical account of another AS or sub-account of a settlement bank of another AS and is available for AS using RTGS AS settlement procedures C or D.

3. Cross-system settlement may only be initiated if two AS have opened a settlement procedure. Furthermore, if the cross-system settlement is initiated by an AS using RTGS AS settlement procedure C, a settlement cycle may also be open for that AS.
4. An AS using settlement RTGS AS settlement procedure C in the context of cross-system settlement shall only submit AS transfer orders individually that debit the sub-account of one of its AS settlement banks. These AS transfer orders would credit the sub-account of the receiving AS settlement bank if that receiving AS is using RTGS AS settlement procedure C, or would credit the RTGS AS technical account of the receiving AS if that AS is using RTGS AS settlement procedure D.
5. An AS using settlement RTGS AS settlement procedure D in the context of cross-system settlement shall only submit AS transfer orders individually that debit its RTGS AS technical account. These AS transfer orders would credit the sub-account of the receiving AS settlement bank if that receiving AS is using RTGS AS settlement procedure C, or would credit the RTGS AS technical account of the receiving AS if that AS is using RTGS AS settlement procedure D.

Both AS using cross-system settlement shall be notified via a broadcast message of the settlement or rejection of the AS transfer orders.

Article 10 – Effect of suspension or termination

Article 11 – Additional requirements for AS

The RTGS AS technical account shall be registered to the AS. Nevertheless, the amounts registered in the account belong to the settlement banks, and the AS shall not hold own funds in the technical account. The AS shall be obliged to ensure that the contractual relationship between the AS and the settlement banks and the legal set-up of this account ensures that the right of ownership

of the assets registered in the RTGS AS technical account at any time belongs to the settlement banks. In this context, the AS shall also ensure that, at any time, it is possible to establish the individual settlement bank's share of the balance held in the RTGS AS technical account at any time.
